The folks will not return to their Nogales home until about the first of April, next, and to say that Colonel Jones is a lonesome man, would be putting it mild. We wish Mrs. Jones and our little friend Charley a pleasant visit and a safe journey home.

BIG DIVIDENDS

Banco de Sonora Stockholders Get Sixteen Pesos a Share.

At a recent annual meeting of Banco de Sonora directors, held at Hermosillo, Sonora, where the main offices of this mammoth financial institution are located, it was decided and so voted, that a dividend of \$16 a share be paid out of the profits of last year, due on January 15th, 1908.

The bank is capitalized at \$1,500,000.00, par value \$100 a share; at the time of the annual meeting 750,000 was the amount of the bank's surplus, so that this is at the rate of 16 per cent and the amount paid out in dividends \$240,000.

Since the regular annual meeting of stockholders and directors, a further sum of \$210,000.00, has been added to the bank's surplus, which now amounts to the enormous sum of \$960,000.00.

Besides the main branch at Hermosillo, Banco de Sonora has branches in Alamos, Guaymas and Nogales, Sonora and the City of Chihuahua, Chihuahua; also agencies throughout Mexico and correspondents throughout the world.

The stock is quoted on the exchange at \$275, Mexican a share, the highest in the Republic of Mexico with one exception, and is one of three bank stocks that are rated above \$200, the other two being Nacional de Mexico and Londres y Mexico.

Since establishing Banco de Sonora ten years ago, Max Muller, a financial genius, has been its manager, making his home at Hermosillo. He has been ably assisted for a number of years in the management of the home office, by Messrs H. J. Smith and A. F. Tarin.

The Alamos branch is ably and successfully managed by Mr. Henry Bartning, formerly manager of the Nogales branch, which is now, and has been for some time past managed by Mr. Albert Mascareñas, son of Mexican Consul M. Mascareñas, of this city, who is one of the largest stockholders in Banco de Sonora. The branch at Guaymas is conducted under the personal direction of Mr. J. A. Heap, a banker of many years practical experience. Mr. W. O. Winegar is manager of the branch at the City of Chihuahua.

In the management of the local branch, we are fortunate in having Mr. Mascareñas in charge. He has resided in Nogales many years and is familiar with the conditions as they exist here on the International border, in Santa Cruz county and the state of Sonora. For several years Mr. Mascareñas was cashier of the Chihuahua branch, where he made a record for himself and as a reward for services well rendered, was promoted to the big branch at Nogales, Sonora, where he is "making good," being universally liked by all who have business to transact with the bank for which he has made many friends since assuming the management. Mr. William Randall, cashier of Banco de Sonora's local branch, is a pleasant, most accommodating young gentleman, also well liked and highly respected. THE BORDER VIDETTE wishes Banco de Sonora continued success, and the stockholders increased dividends.

Fred. O. Emery, president of La Cobia Mining Company's splendid mining properties east of Llano, Sonora, was here Thursday, having come up to the border to meet his family who arrived that night from El Paso, Texas, their home. Yesterday morning they left for the mines. Mr. Emery reports operations at the mines progressing nicely, and has great confidence in the future of his property. The gentleman has worked faithfully and hard to make a success, and we wish him good luck. W. D. Fredrick, of this city is secretary and assistant treasurer of the company.

Tuesday morning Mr. Howell Jordan, right of way agent for the Cananea, Yaqui River & Pacific railway now building between Nogales and Cananea, drove out to Santa Cruz, being accompanied by Mr. Barreda, mayor of that little burg, through which the line of railroad passes. It is understood that property owners of Santa Cruz are opposed to the railroad and object to its building through their land. Never-the-less and notwithstanding, it is unofficially announced, that the road will be pushed to completion just the same. Mr. Antonio Martinez, who represents the Governor of Sonora, also accompanied Mr. Jordan.
